### **Media Release**

**10 March 08**

#### **SUB: Missing Person Investigation – Nicholas Garza**

The investigation into the disappearance of Nicholas Garza continued over the weekend. An analysis of records and information obtained by the expanded investigation team is on-going at this time. No new leads were developed into the activity of Nicholas Garza after 11:06 p.m. on February 5 or into the manner and cause of his disappearance.

The weekend storm and sub-freezing temperatures continue to hamper search operations on and around the Middlebury College Campus. An assessment was made today of ground conditions and weather forecasts for the next 4 days and it was determined that the suspension of any search operations would continue through Thursday, March 13.
